- Less than 10%
- 10%-30%
- 31%-50%
- 51%-70%
- 71%-100%
- We do not keep up with this metric

2. What percentage of your infants are placed skin-to-skin within 5 minutes of delivery?

- Less than 10%
- 10%-30%
- 31%-50%
- 51%-70%
- 71%-100%
- We do not keep up with this metric

3. What percentage of the mothers in your care initiate breastfeeding within the first hour following delivery?

- Less than 10%
- 10%-30%
- 31%-50%
- 51%-70%
- 71%-100%
- We do not keep up with this metric

4. What percentage of the mothers in your care who are separated from their infants (i.e. premature infant) are taught hand expression within the first hour of delivery?

- Less than 10%
- 10%-30%
- 31%-50%
- 51%-70%
- 71%-100%
- We do not keep up with this metric

5. What percentage of the mothers in your care are provided with basic instructions on breastfeeding within 6 hours of delivery?
- Less than 10%
 - 10%-30%
 - 31%-50%
 - 51%-70%
 - 71%-100%
 - We do not keep up with this metric
6. What percentage of your infants are supplemented without a medical indication documented in the chart?
- Less than 10%
 - 10%-30%
 - 31%-50%
 - 51%-70%
 - 71%-100%
 - We do not keep up with this metric
7. What percentage of your mothers and infants are together 23 out of 24 hours a day?
- Less than 10%
 - 10%-30%
 - 31%-50%
 - 51%-70%
 - 71%-100%
 - We do not keep up with this metric
8. What percentage of the mothers in your care are given education on Safe Sleep prior to discharge?
- Less than 10%
 - 10%-30%
 - 31%-50%
 - 51%-70%
 - 71%-100%
 - We do not keep up with this metric
9. Prior to discharge, what percentage of the mothers in your care are given a number to call if they are having breastfeeding problems after discharge and referred to a mothers' breastfeeding support group?
- Less than 10%
 - 10%-30%
 - 31%-50%
 - 51%-70%
 - 71%-100%
10. Does your facility have a breastfeeding task force or perinatal review committee?
- Yes
 - No
